

Personal Leadership

In these sessions from our UST Ministry Summer School 2020, Hugo Heij helps us consider the importance of leading yourself so you can lead others. He shares practical tips on how to organise and prioritise your workload, how to be efficient with your time, and effective ways to manage teams.

Each session follows on from the previous one, so you may find it helpful to start with the first session.

Hugo Heij

Hugo is a former Ports & Shipping Executive who has worked in various European countries. He teaches leadership practice in church and industry contexts. He serves as an Elder of Chelmsford Presbyterian Church, UK.
